Download Instructions for Scouts BSA Offline Modules

1. Download the zip file from the link at www.scouting.org/trainin/adult
2. Once the file has completely downloaded (this will take 6 or more minutes), use file explorer to find the zip file in your downloads folder or the folder you chose to download the zip file.
3. Right click on the zip file and select "Extract All"
4. Chose the location for the extraction to be saved and click on "Extract"
5. Open the extracted folder and then extract each of the module files. When you are done you should have a file folder without the zipper.
6. Open the desired module file folder without the zipper and then double-click the index.html file for the desired module you want to run.

Note: The recommended browser for running the modules is Chrome.
